# Multigressiv MyView®

A proven product made even better

*Multigressiv MyView®*

*- new standards for progressive lenses*

## THE TECHNOLOGY

The **Unique Customization** from Rodenstock ensures that every Multigressiv MyView is tailor-made to the specific prescription of every wearer – no „ready-made“ progressive surface.

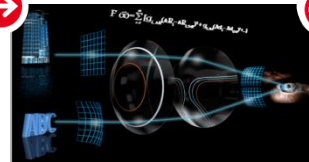

Moreover the optional individual PD guarantees a harmonic, natural vision for intermediate and near.

1. Refraction and order  
incl. individual parameters

⊖	⊕	⊖	⊕	+	
2.00	1.00	35	4.00	45	2.00

2. Calculation and optimization  
of ideal progressive surface  
individual for this customer

3. ILT production according  
to Unique Customization  
(fits 100% to order)
